

## A business update for Biker Group Ltd Customers

Following the advice from the Government and due to the increasing risks from the COVID-19 virus, we will be suspending most of our operations on Tuesday 31st March at 5pm.

Our operations which support essential services will continue as required.

We intend to re-open on Tuesday 14th April. This will remain under review and is subject to change, in accordance with Government guidelines.

We wish you all the best in these challenging times and hope to hear from you soon.
